WLCFS-Christian Family Solutions Enters New Phase of Healing & Helping Ministries

September 17, 2014 (Germantown, WI)—WLCFS-Christian Family Solutions has been caring for God’s people since 1965, providing healing and helping services to people in need through the ministry of Jesus Christ. Like any organization that has been in business for several decades, WLCFS has had to, at times, adjust its focus to meet the changing needs among WELS/ELS members and the communities in which it works.

On September 15, 2014, after much prayer and deliberation, Luther Haven Retirement Community, a ministry of WLCFS-Christian Family Solutions, was sold to Luther Haven, LLC, a new LLC started by the owners of Quality Assurance Home Health, LLC, a home health care organization serving the greater Milwaukee area. The new owners also own other smaller housing facilities in the Milwaukee area. This organization is committed to providing the same high level of care for the residents of Luther Haven.

Dan Degner, CEO of WLCFS-Christian Family Solutions, says, “While this was a difficult decision, it is still a wise decision in that it puts the interest of Luther Haven’s future as its top priority. We are confident that the new owner has the financial ability and market expertise to maximize the potential of Luther Haven in its current location. We all love Luther Haven and want to see it succeed.”

Regarding the future of WLCFS in serving seniors, Degner further states, “We will continue our rich tradition of ministering to the needs of seniors. We are looking at several exciting growth opportunities in the senior services environment in several local smaller communities. With this pivotal move and with God’s blessing, we will be able to begin the growth process once more.”
