

Prompt Pay Discount Policy for Private Pay Clients

Clients that are uninsured or choose to pay privately may be offered a prompt pay discount. Prompt pay discounts may only be available to those clients that are not covered under any insurance or other program or arrangement under which a third party may have an obligation to pay or reimburse part or all of the fees for services a client receives from Christian Family Solutions.

Christian Family Solutions will not, and client agrees not to, bill or seek payment or reimbursement from any other party.

Services that are paid in full at the time of service are offered a discounted rate of 50% of our standard professional fees, listed in our current Fee Schedule. Any Prompt Pay account that has a balance outstanding for 60 days or more, will have the discount removed.

Patients and families who meet certain income requirements may qualify for reduced price care based on their family size and income, even if they have health insurance. Financial assistance may be available for clients that can demonstrate financial hardship*. A sliding fee schedule is used to calculate the basic discount and is updated each year using the Federal Poverty Guidelines. Applications for the discount must be approved before discounts are applied. Any reduced price care is provided as determined by Christian Family Solutions in its sole discretion.

*Please check with your congregation to see if you may be covered by a Member Assistance Program
