Counseling Services Available

Christian Family Solutions (CFS) has partnered with our school to provide on-site counseling services. We have a counselor on site to help children who may be exhibiting symptoms of anxiety, depression, attention deficit, or a variety of other mental health and behavioral issues. Our CFS counselor will combine the unconditional love of Jesus with effective counseling strategies. Students who access counseling services typically are able to become more focused, resilient, and ready to learn. Most of all, they are reassured they are dearly loved children of God. To learn more about these services, please contact Principal (insert name).

We Are Here to Help!

Your child's success, both in the classroom and at home, is important to us. To better help our students achieve this, we have partnered with Christian Family Solutions (CFS) to provide counseling care and services on site. Our CFS counselor will offer a friendly face and a listening ear to all students, and will schedule appointments with any student who is struggling with behavioral or mental health concerns. You can learn more about this program by contacting Principal (insert name).

Counseling Services Available

Our school partners with Christian Family Solutions (CFS) to provide counseling services to children as needed. Our on-site counselor can provide a wide range of counseling services, including helping students with issues such as depression/anxiety, relationships, trauma, body image issues, and stress management. Christian school-based counseling is a wonderful partnership that helps teachers and parents ensure our students are mentally, emotionally, and spiritually strong. If you have questions about the services available, contact our school.
