

Medication Management

Available in-person & via telehealth

We take a holistic approach to your care.

Medication management is one piece of our multidisciplinary approach to mental health and wellness. Our therapists collaborate with our prescribers to ensure clients are receiving balanced care according to their treatment plan.

Medication Management Services

- In person appointments are available at a number of our clinic locations. Please contact us to inquire about appointment availability at a clinic near you.
- We also offer telehealth services for medication management. We require an in-person meeting at one of our main locations to begin the service, with telehealth appointments after that.

Inquire About Services

To inquire about medication management services, please call **800-438-1772** or email **medication@wlcfs.org** to learn more. Our medication management team monitors this email during business hours Monday through Friday. If you have a time-sensitive need, please contact us during these business hours.

If you are experiencing a mental health emergency, please dial 911.

If you are having suicidal thoughts or know someone who is, call the National Suicide Prevention Lifeline hotline at 988.
